

BRAMARE

VIÑA COBOS

Valle de Uco Appellation

PAUL HOBBS

VARIETAL COMPOSITION
100% Malbec

HARVEST
Hand-harvested - April 8th to 30th, 2014

APPELLATION
Valle de Uco - Mendoza

VINEYARD

San Carlos, Tupungato and Tunuyán, Valle de Uco, Mendoza. Located at high elevations, between 3,330 to 3,845 feet. Semi-desert climate.

SOIL

The soils are very heterogeneous, with sand and rocky patches. Vines are planted on a pronounced slope, providing good drainage for the soils, and cool nights that contribute to even fruit ripening.

GROWING SEASON

The growing season kicked off sooner than usual with an early bud break, a result of a warm, dry spring. The growing season proceeded in good form, and special care and management in the vineyard helped alleviate the impact of unusual rainfall from mid-December to late March. Despite the resulting delay in sugar accumulation, the grapes achieved full physiological maturity, and harvest took place only slightly later than normal. Yields: 2.0 to 3.79 tons per acre.

AGING & BOTTLING

Aged for 17 months in new French oak (15%) and new American oak (20%), as well as second-use oak (65%). Bottled October 2015. Unfined and unfiltered.
